Why containers meetup?

Docker is not only container engine

Containers world is rich

WE will succeed if we …

- … set up a community to help/share
- … provide regular meetups event
- … organize one big one day event annually

What should we expect - talks

- Container engines
- Platforms for running containers
- Orchestrators
- Monitoring
- How to containerize app

What do we expect - help

- Share ideas **(https://github.com/containers-prague/issues)**
- Someone to help with our site - we suck with web

I want to speak

- Write us mail (docker.prague@gmail.com)
- Submit via google form (https://goo.gl/VRsfEc)

How to get together?

- Facebook/G+
- silc/irc
- Mailing lists?
- Web Page is in progress
- Youtube?
- Online meetups - can be more technical/tutorial
